

City of Fairfax Band Association, Inc.

Taxpayer Information Numbers and Backup Withholding

To comply with IRS requirements the Association will solicit Taxpayer Information Numbers (TINs) in the form of signed forms W-9 from all independent contractors paid by the Association.

The forms W-9 will be stored and the information contained thereon will be safeguarded in accordance with the Association's Privacy Policy.

The form W-9 may also be used by the contractor to certify that he/she is exempt from backup withholding.

If any contractor declines, upon request, to provide a form W-9, the Treasurer will make backup withholding, at the rate set by the IRS, for income taxes and will forward those amounts to the IRS as required by IRS regulations.

Policy adopted by the City of Fairfax Band Board of Directors on: 21 January 2009
